

# Low Slow and Upside Down Controlling Your Airplane in an Emergency

Please welcome Ms. Catherine Cavagnaro, ATP/CFI and proprietor of Ace Aerobatic School. Join your fellow airmen as Catherine presents emergencies such as wake turbulence upsets and stalls at low altitude and discusses recommended recovery procedures. The seminar will feature videos that help explain the associated aerodynamics.

**Directions:** This seminar will take place in a hangar provided by Bud Layne of SpanTech, LLC. Co-Mar FBO and EAA members will provide directions to the hangar in the rear, accessed from the main ramp. For information on location, contact President Dave Coldwell at 270-991-9911.

## A message from the National FAASafetyTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.  
Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!

The FAA Safety Team (FAASafetyTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
